To honour the Indian Air Force, every year Indian Air Force Day is celebrated in the country on October 8. A breathtaking, scintillating, and daredevil air display by several IAF aircraft will be the hallmark and main attraction of the Air Force Day Parade cum Investiture Ceremony at Air Force Station Hindan in Uttar Pradesh’s Ghaziabad.

Air Force Day quotes: “On Air Force Day, we proudly honour our air warriors, veterans, and families of the Indian Air Force. The nation remains indebted to the contribution of the IAF in securing our skies and assisting civil authorities in Humanitarian As-

sistance and Disaster Relief,” President of India Ram Nath Kovind tweeted.

### History, and Significance

You must have a question in your mind, Why October 8 as Air Force Day? The biggest reason behind celebrating this day on October 8 is that on the same day Indian Air Force, which is also called “Bharatiya Vayu Sena” was formed by the British Rulers in 1932. At that Indian Air Force (IAF) was known as the “Royal Indian Air Force”. Major Stringer Lawrence is known as the father of IAF. The first IAF airstrike happened in Burma and the target was a Japanese military base. IAF is India’s second-biggest force after Army. As per the latest data of 2017, 1,39,576 personnel are in service with the Indian Air Force.
